DESCRIPTION

The RESTAC Helmet is a high-cut Advanced Combat Helmet (ACH) offers NIJ Level IIIA ballistic protection at just 1.3 kg.

Equipped with side-rails and adaptors, the RESTAC Helmet is built to accommodate a range of attachments for seamless customization in the field.

The integrated NVG holder and secure bungee cords make it ideal for low-light operations. The advanced "9 pads system" with thick foam padding enhances impact protection, while the BOA fit system ensures a stable, comfortable fit even in dynamic scenarios.

The RESTAC Helmet is the essential choice for those who prioritize protection, functionality, and comfort in every situation.

Manufactured for Sioen Ballistics by Šestan-Busch in Croatia.

Inquiries related to product features should be directed directly to the manufacturer at info@sioenballistics.fi.

The products are not displayed in our factory showroom, and they are only available through our online store.
