DESCRIPTION

Ladycut of the AWS Active Watersport Suit. The Ursuit AWS drysuit is a perfect drysuit for diverse watersports and maritime activities. The simple design concentrates on the most essential features: comfort and keeping dry, leaving out excessive details. The suit design considers especially the different measurements of the back and the front parts, to achieve maximum comfort in activities done in a sitting position.

The material is vapour permeable and watertight 4-tex. The drysuit is equipped with several reflective tapes for the best possible visibility in all conditions. The soft and durable reflective tapes are in accordance with the directive on marine equipment.

Neck seal 2,5 mm super stretch neoprene. Wrist seals super stretch neoprene, which are easy to dress and undress. The patterned rubber surface of the seals is on the outside. The neoprene also keeps your wrists warm in cold conditions. Knee and back reinforcement.
