DESCRIPTION

Ursuit DSH Hydro 275N is a lightweight, comfortable automatic lifejacket with an actual buoyancy of 320N

The lifejacket has a Quick Burst™ YKK zipper with a closed pattern (designed especially for lifejackets), and reflectors that go around the whole lifejacket.

User comfort is enhanced with a neoprene collar mesh triangle which prevents air buildup under the clothes.

The lifejacket has an adjustable waistband, crotch strap, marine grade whistle, oral inflation tube and an automatic inflator mechanism (Hammar MA1 automatic hydrostatic system). The CO2 cylinder is 60g.

The maintenance interval of the MA1 inflator is 5 years. An inspection window indicates with green light that the inflator mechanism and the cylinder is in working order.

The metallic buckles on the lifejacket are anti-magnetic and have a D-ring for (ISO 12401) attaching the safety rope.

CE, ISO 12401, Coastal and offshore. Weight of the jacket is 1100 grams and the warranty is 3 years
