Estimated delivery time Available immediately

DESCRIPTION

Ursuit DSH Hydro 275N is a lightweight, comfortable automatic lifejacket with an actual buoyancy of 320N. The lifejacket has a Quick Burst™ YKK zipper with a closed pattern (designed especially for lifejackets), and reflectors that go around the whole lifejacket.

User comfort is enhanced with a neoprene collar and a mesh triangle which prevents air buildup under the clothes. The lifejacket has an adjustable waistband, crotch strap, marine grade whistle, oral inflation tube and an automatic inflator mechanism (Hammar MA1 automatic hydrostatic system). The CO2 cylinder is 60g. The metallic buckles on the lifejacket are anti-magnetic and have a D-ring for (ISO 12401) attaching the safety rope.

The maintenance interval of the MA1 inflator is 5 years. An inspection window indicates with green light that the inflator mechanism and the cylinder is in working order.

Size table: mass \geq 40 kg's, chest 86-151 cm and length \geq 150 cm

CE, ISO 12401, Coastal and offshore. Weight of the jacket is 1100 grams and the warranty is 3 years.

Compatible spare parts for this lifejacket:

- **CO2 cylinder 60G with Hammar back**
- **Re-arming kit for Hammar MA1 inflator**
